

SNF Claims Revenue Cycle App

New!
PointClickCare
EHR-Claims
API Integration

Are you Supercharged?

Imagine an application customized to meet the unique demands of skilled nursing facilities (SNFs). As the newest claims app in PointClickCare’s marketplace with two-way EHR integration, primeCLAIMS supercharges SNF reimbursement. It’s designed for billers, by billers – and supported by billers.

 **AUTOMATE**
Reduce turn-time with +98% error-free submission and fully-automated secondary.

 **ANALYZE**
Pinpoint payer or processing delays affecting revenue before they become trends.

 **ACCELERATE**
Expedite claims turn-time and reduce days sales outstanding (DSO) by up to 50%.

5 Ways Our Clients Supercharge

1. Simple primary claims processing, customized for senior care
2. Completely automated secondary claims
3. Critical integrations and streamlined data collection
4. Effortless denial processing and tracking
5. Effective process-based workflows and support

“Newcomers are amazed by how easy it is to learn and use primeCLAIMS, especially for secondary claims. The system is built for senior care providers, and it shows.

- **PATTI BOLEN, REVENUE CYCLE DIRECTOR, SOUTHERN HEALTHCARE MANAGEMENT**

Since 2003

For nearly two decades, we’ve delivered integrated data and tech solutions to senior care operators across 7,500+ U.S.-based facilities.
