Data You Care About, Simplified

Analytics for Senior Care

Are your KPIs at your fingertips?

Tune into your customized view of the primeVIEW dashboard each day. See critical key performance indicators (KPIs) when you log in, or automate delivery of these metrics to your inbox.

AUTOMATE

Integrate multi-vendor data from census, labor, financial and clinical systems.

ANALYZE

Spot and fix problems within hours instead of days or months.

ACCELERATE

Expedite critical decision-making with proactive vs. reactive data and alerts.

"Prediction is kind of essential to managing your business. I knew primeVIEW was the tool we needed to do it. **– Hyatt Family Facilities**

"With primeVIEW, we have an accurate, continually updated and readily available [census] report." **– American HealthCare**

Since 2003

For nearly two decades, we've delivered integrated data and tech solutions to senior care operators across 10,000+ U.S.-based facilities.
